PRICING AND OFFICE POLICIES

APPOINTMENTS

- There is a 48 hour cancellation policy (please see our cancellation policy in our Patient Orientation handout).
- As a courtesy, we call to confirm the appointment prior to your scheduled time: ultimately it is your responsibility to keep the scheduled appointment or reschedule.

CONSULTATION FEES

- Initial MD Consultation 60-Minutes: \$395
- MD Office Visit or Phone Follow-up 50-Minutes: \$350
- MD Office Visit or Phone Follow-up 25-Minutes: \$195
- PA Office Visit or Phone Follow-up 50-Minutes: \$195
- PA Office Visit or Phone Follow-up 25-Minutes: \$100
- Initial Nutrition & Lifestyle Consultation 60-Minutes: \$175
- Nutrition & Lifestyle Visit or Phone Follow-up 50-Minutes: \$150
- Nutrition & Lifestyle Visit or Phone Follow-up 25-Minutes: \$75

LAB TESTS

- After your initial and follow-up consultations, lab tests and/or diagnostic tests may be ordered.
- Testing recommendations and costs per test will be reviewed.
- We do not make any guarantees about insurance coverage for lab testing. If you have a PPO or Medicare some of your testing may possibly be covered. The amount of coverage depends on too many factors for us to be able to give you an exact cost or even a good estimate on how much you may have to pay. We do recommend that once you receive your laboratory requisition, you check with your insurance company to verify whether or not your tests are covered. We use a laboratory company that offers very low cash pay rates on tests that your insurance company will not cover or if you have a high deductible insurance plan. Some of the Functional Medicine specialty tests that we order may have a guaranteed price which will be discussed with you by the office staff after the doctor prescribes the test. If you have HMO insurance you will have to pay cash for your lab testing because we are out of your insurance network. We offer affordable lab testing options for low cash prices. We work very hard to give our patients affordable quality health care.
- If you are paying out-of-pocket or have a high deductible on your insurance plan, please ask the front desk at checkout regarding obtaining discounted labs.
- Lab tests are performed “fasting”, which means nothing except water 12 hours before your visit.
- Some lab test take up to 4 weeks to be finalized. The results will be mailed or emailed to you when they are finalized. If your follow-up appointment was net booked at the time of your initial visit, then you should contact the office to schedule a follow-up appointment.

BILLING/INSURANCE

- Payment for the office visit, phone consultation or lab tests is expected at time of service. We accept cash, check or credit cards. All credit card payments will be processed the same day of the visit or phone call.
- If test kits are sent to you, you will be charged the day the kit is mailed.
- We do not accept insurance and we cannot assist you with claim resolution. We will provide you with a billing summary which you can submit to your insurance carrier.

PRIMARY CARE PHYSICIAN

- Please note that Dr. Williamson is not your primary physician. We recommend that you have a primary care physician at home.
